JERSEYANA

Several years ago, in a TAMS article I listed all the varieties of Borok Furniture encased cents I had found. Since then I have obtained several more varieties and am again listing them along with a picture, thanks to Dennis Tilghman.

Even though the wording on several dates is the same, each figure pictured is a separate die variety.

There are at least 14 die varieties and 20 different date cents known. Fifty years ago orders of 100 encased cents was acceptable but in later years 500-1000 pieces was more normal. If we can assume each order averaged 500 pieces; 14 die varieties X 500 = 7000 pieces, or each date cent, 20 different date X 500 = 10000 pieces. With the exception of transportation tokens, we see that Borok Furniture was by far the largest user of exonumia in New Jersey. Where are all these encased cents now? Borok is still at 888 Broad St., their 50th year at this address.

PRESIDENTS MESSAGE

With the advent of a new year, many of us have made some resolutions and I would like you all to add one more to your list. This one being, to recruit at least one new member during 1986. To facilitate this, I have asked our Editor to enclose a membership application with this copy of JERSEYANA. A gift to a collector friend or relative of a year membership would be enjoyed for a whole year and the cost is still a bargain in today's economy. Additional applications can be obtained from Herb Weiss or the other officers. A prize of one year's membership will be offered to the top member recruiter, with officers of the Society excluded from this prize.

The annual literary award will also be resurrected, so get to work and submit an article or story. For instance, a short article about your most interesting or unusual piece of exnumia could be an award winner.

Best wishes for a happy, peaceful and bountiful New Year.

Al Zaika

ARTICLES FOR JERSEYANA

If you need help in preparing an article the editor will be happy to assist you. Member Dennis Tilghman has offered to take pictures of tokens or medals for any Jerseyana articles, he is volunteering his time and we are paying the cost of materials. If you do write an article and need a picture taken to illustrate and enhance it please advise the editor. I will advise you where and when to send the article for photographing so we don't over impose on Dennis' generosity.

DUES NOTICE

Several members still have not sent in their 1986 dues, \$6.00, we need every member we have and can't afford to lose you. This will be the last JERSEYANA you will receive. If there is an X in this box why not send your dues today.

In recent correspondence with the editor Ed Dence mentioned he recently had major surgery but is recovering nicely at home. Ed's address is 8627 CRISPIN DRIVE, PHILADELPHIA PA. 19136.

Al Zaika also reports that member Art Daly has suffered a stroke and has also had several operations, Art's address is 141 LEWIS LANE, BRICK, NJ 08
Why not send a card to these members? I am sure they will appreciate it.

BOROK FURNITURE CO. continued

I am sure there must be other varieties and dates issued by Borok. If any member can identify the year penny of Fig.# 14 or has any other varieties or dates not mentioned I would appreciate hearing from you. My address is listed on the front cover.

THE TWO APPELEGATE'S

by Ed Dence

It seems that in the late 1800's there were two Applegate's. Both were Photographers and both operated carousels.

In 1884 John R. Applegate built an amusement pier in Atlantic City at Tennessee Avenue and the Boardwalk. He issued several varieties of tokens including a 5¢ ride token which because it mentions a ride is listed as Atwood NJ 20J. John Applegate operated the pier for seven seasons and in 1891 it was taken over by John L. Young who operated Young & Co., Young's Amusement Co., and Young & Mc Shea with partner Stewart Mc Shea. All the successors also issued ride tokens but since no mention of "ride" is made, they aren't listed in Atwood.

The other Applegate is James Applegate who operated his carousel in Philadelphia at 8th, Franklin, & Vine Streets. James Applegate also issued several tokens.

Who knows, maybe these two Applegate's were brothers? They had the same interests and hobbies.

by John Wilcox

The revolutionary war was over when the British commander, Cornwallis, surrendered at Yorktown, Va in October 1781, but not until April 1783 was New Jersey officially informed, by proclamation of William Livingston, the states first governor, that hostilities had come to an end.

The small town of Princeton, N.J. became the nations first capital, Congress duly convened on the thirtieth of June. General Washington was asked to attend and "Rockingham", only a few miles from Princeton at Rocky Hill was found to house the General, as town accommodations were crowded. This was the home of the late John Berrien, former Justice of the Supreme Court of N.J., and although hoping to sell, his widow agreed to rent the house for the duration of Washington's stay.

"Rockingham" is believed to be the second oldest house in the valley of the Millstone River, dating somewhere between 1702 and 1710. It was built by John Harrison of Connecticut and stayed in his family until 1735 when John Berrien bought it. It was "The Berrien House" on John Dalley's map of 1745. Mr. Berrien greatly enlarged it for his growing family and later gave it the name it is famous for, "Rockingham". It had many owners until 1872 after Mrs. Berrien sold it in 1803 to Frederick Cruser who lived there until 1830. By 1896 the Rocky Hill Quarry Co., then the owners, had expanded to such a degree that the hill on which the house stood was gone and the house itself was being severely shaken by the blasting. The Princeton Chapter of the Daughters of the American Revolution rescued the house in 1897, purchasing it from the quarry. It was then moved further up the hill onto a tract of land which had been the camp ground for Washington's troopers. This land sold for \$1.00 to the newly formed Washington Headquarters Association of Rocky Hill. The Association raised money to restore and furnish the house and although not completely furnished, "Rockingham" was open to the public by August 1897. In 1935 the property was transferred to the State of New Jersey as a "Historic Shrine".

In 1957 the house had to be moved a second time because of the creeping encroachments of the quarry. The battered house traveled eastward, about half a mile along Route 518, the road from Rocky Hill to New Brunswick. There it is today, interest by dedicated citizens, Mr. & Mrs. R.P. Alsop of Middlebush, raised funds with the backing of the Franklin Township Historical Society. They organized the current Rockingham Association.

Reopened in 1963 as a house museum it was completely furnished as it was in 1783, ready to receive its famous tenant. It was a proud moment in 1973 when the Alsops accepted on behalf of the Rockingham Association, New Jersey Historical Society's Historic Landmark Award for "the distinguished preservation of "Rockingham", the Rocky Hill Headquarters of General George Washington in 1783."

The state caretaker living in this famous house since 1972 is the wife of my friend, Elwood Graff. Naturally with 1983 being the 200th anniversary of "Rockingham", I suggested to Elwood an elongated coin design to mark the occasion. To this he agreed so I set to work. Again using the old tried and true postcard view method I designed as follows; plain wire border, horizontal roll, 1783 at left, Washington's Hdqs. Rockingham House, Rocky Hill, N.J. 1983 at right. Frank Brazell returned his art work of my rough sketch which we approved and now "Rockingham" has a small copper memento of all its own.

ATLANTIC CITY CASINO CHIPS

BY ARCHIE A. BLACK

Having read Editor Weiss' plea in the last issue of "Jerseyana" for articles needed, I decided that perhaps I should pickup where I left off on my Atlantic City Casino Chip article first published in Issue #27. In that issue the \$1.00, \$2.50 and \$5 denominations were described, and updated in issue #28. The next value in progression is unquestionably the toughest to obtain. The \$20 chip.

As stated in my earlier article, all Atlantic City chips are identically color coded for each denomination, no matter what casino one is visiting. To review, all \$1.00 chips are white. All \$2.50 chips are Pink. All \$5 chips are red. Yellow is the color designated by the Casino Control Oommission for \$20 chips.

The \$20 chips were issued primarily for use at the Baccarat tables, although occasionally they would be carried from the Baccarat Pit by a player and put into play on one of the other table games such as Black Jack, Craps, or exchanged for Roulette chips.

Most casinos have since withdrawn the \$20 chips, for reasons still unclear to this writer. Generally speaking, once a chip has been withdrawn from play by the casino it is virtually impossible to obtain a specimen due to strict Casino Control Commission regulations. Therefore, the OBSOLETE \$20 chips are treated as prized possessions in a chip collector's set. However, having stated the forgoing, I must clarify that not all casinos have issued \$20 chips. In addition, the \$20 chip is still presently in use in two A.C. casinos that I'm aware of.

The following illustrations are all the \$20 A.C. chips known to the writer. If any NJES member knows otherwise, I would be most happy to hear from you. Please write to P.O. Box 63 Brick, NJ 08723. All letters will be answered.

PRESIDENTS MESSAGE

WANTED: Suggestions to improve N.J.E.S. and to add interest to our journal, JERSEYANA. The recent addition of the "Maverick" column by Herb Weiss is an excellent example. If you have any innovative ideas, please forward them to me or one of the other officers.

We have been compiling a listing of N.J. merchant trade tokens with an ultimate goal of publishing a catalog in the near future. Former V.P., Rocco Di Giacomo is head of this project and he invites anyone with N.J. tokens to contact him at: 42 Sunset Drive, Mt. Holly, N.J. 08060. We need your co-operation to get as complete a listing as possible, so please help if you can.

Hope the I.R.S hasn't been too harsh on your assets. Good hunting.

Al Zaika

EDITORS NOTES

We still need articles for Jerseyana. With Dennis available to take pictures and my help, if needed, we should be able to improve the number and quality of Jerseyana articles. All we need is you to write the story.

In the next issue I will have an article on New Jersey Magician tokens. If you have any magic tokens you want to buy, sell, or trade, why not send in your free classified ad. Of course, all other classified ads are also wanted. Deadline for ads and stories for the next issue is MAY 3.

The company I work for recently purchased baseball type advertising caps. I thought it might be of interest to N.J.E.S. to have some caps so I investigated. For a navy blue denim cap with our logo (see front cover) our cost would be \$4.10, shipping charges would bring the cost near \$5.00, and for N.J.E.S. to make \$1.00 each the selling price should be \$6.00 each. The minimum order is 72 caps, to get our cost I would need orders for a minimum of 50 caps (\$300.00). I'll buy the first two so if I can get orders for at least 48 more by APRIL 19, I'll place the order and we should have delivery by our June meeting. Of course, you also can purchase more than one. If interested send your check (\$6.00 for each cap wanted) payable to N.J.E.S. to the editor. If I don't get orders for at least 48 by April 19 I will return your checks with the next issue. Save 22¢, send your check and your ad together.

PRESIDENTS MESSAGE

Our annual meeting at the G.S.N.A Convention will be held on Saturday, June 28, 1986. I haven't received the time or name of the meeting room, so this may be printed elsewhere in this issue of JERSEYANA. If not, it will be posted on the event board at the convention. This years meeting promises to be an exceptional one and will feature a talk by David Gladfelter, on an interesting aspect of tokens. The annual literary award, (a new innovation this year) will be presented, door prizes will be awarded and a 50-50 raffle drawing will be held. If you haven't attended any of our past meetings make it a point to attend this one and get acquainted with your fellow members and enjoy the convention. The G.S.N.A. always puts on a great show, with many exciting and educational programs and exhibits to enjoy.

Paul Cunningham has also provided the Society with a meeting room at his N.J. Token & Medal Show that will be held June 14 & 15 at Bellmawr N.J. This will be an informal meeting and will take place on Sunday at 1PM. Hope to see you there.

Best regards,

Al Zaika

EDITORS NOTES

I haven't been able to pin down a time for our annual meeting but it is usually 1:00 or 2:00PM, the site is the HYATT HOTEL, Route 70, across from Garden State Park, Cherry Hill, N.J., be there by noon and dont miss this important meeting.

The New Jersey Token & Medal Show will be held at the Monticello Motor Lodge, Black Horse Pike and Exit 3 of the N.J. Turnpike, Bellmawr, N.J. Our meeting will be at 1PM on Sunday, June 15th.

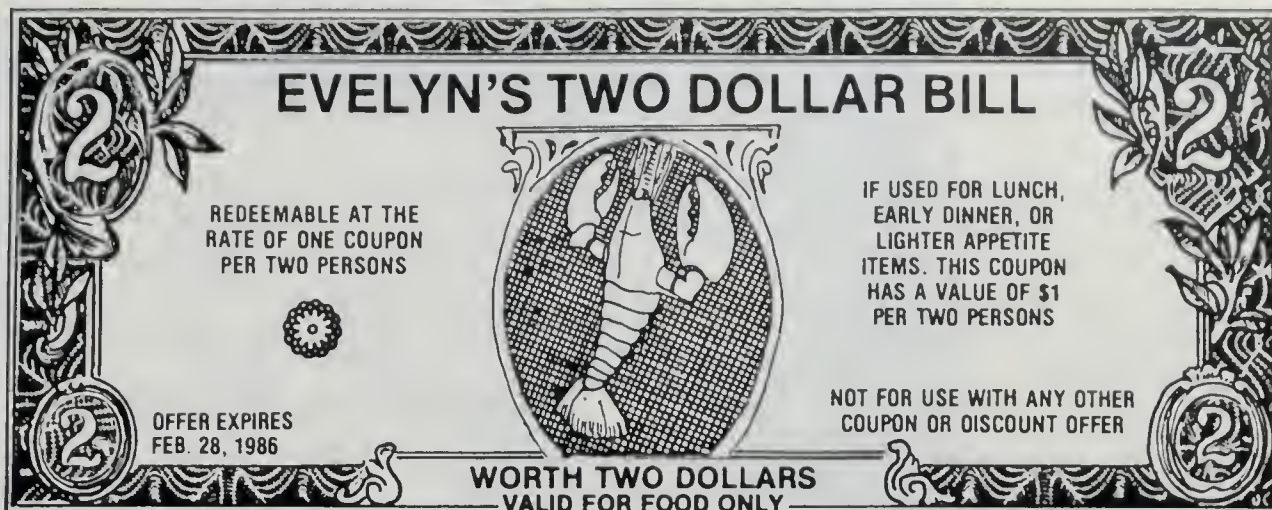

We still need articles for Jerseyana, if you need help the editor will help you. Pictures to illustrate your article can also be provided, it's not that hard, why not try it?

Paid advertising is also urgently needed, the rates are listed below.

Recently my sister, Sally, bought me lunch at Evelyn's Seafood Restaurant in Elizabeth. She had a lobster dish and I had a Mariners Delight. When we paid our bill the waiter, much to my delight, gave Sally two \$2.00 advertising notes. I've eaten at Elizabeth a couple of times and at Belmar once with my new bride, Anita. The prices are moderate, the food is good, and the service is excellent. By the way, I kept the two notes while Sally paid with real money. However I did leave the tip.

Pete has donated the two notes to N.J.E.S. and we will give them as door prizes at our GSNA meeting

50 - 50

We will hold a 50-50 raffle at the GSNA meeting. The price will be \$1.00 per ticket. If you wish to participate sign one of the two tickets included with this issue and return it to the editor with your \$1.00. If you want more than one ticket send your \$1.00 for each ticket wanted to the editor and I will issue the proper tickets. If you plan to attend the meeting bring it with you. All mailed tickets must reach the editor by Friday, June 27th so I suggest you mail them by Tuesday, June 24. You don't have to be there to win. Save postage, send your free classified ad with your ticket.

"IN THE EYES

To this collector the ultimate in New Jersey medallic art advertising is a bronze finish brass plaque manufactured for Dehls and Stein of Newark, N.J. It measures $11\frac{1}{2}$ " x $8\frac{1}{2}$ " and illustrates a medieval tavern

scene with three men rising from the table with the bench attached to their derrieres. The proprietor is standing to the side holding an empty beer stein and wearing a know-it-all grin.

German wording in the upper left hand corner literally translates: "The beer that sticks to your ribs." The lower border has the following wording: "1906 Dehls and Stein, Newark, N.J. 1938."

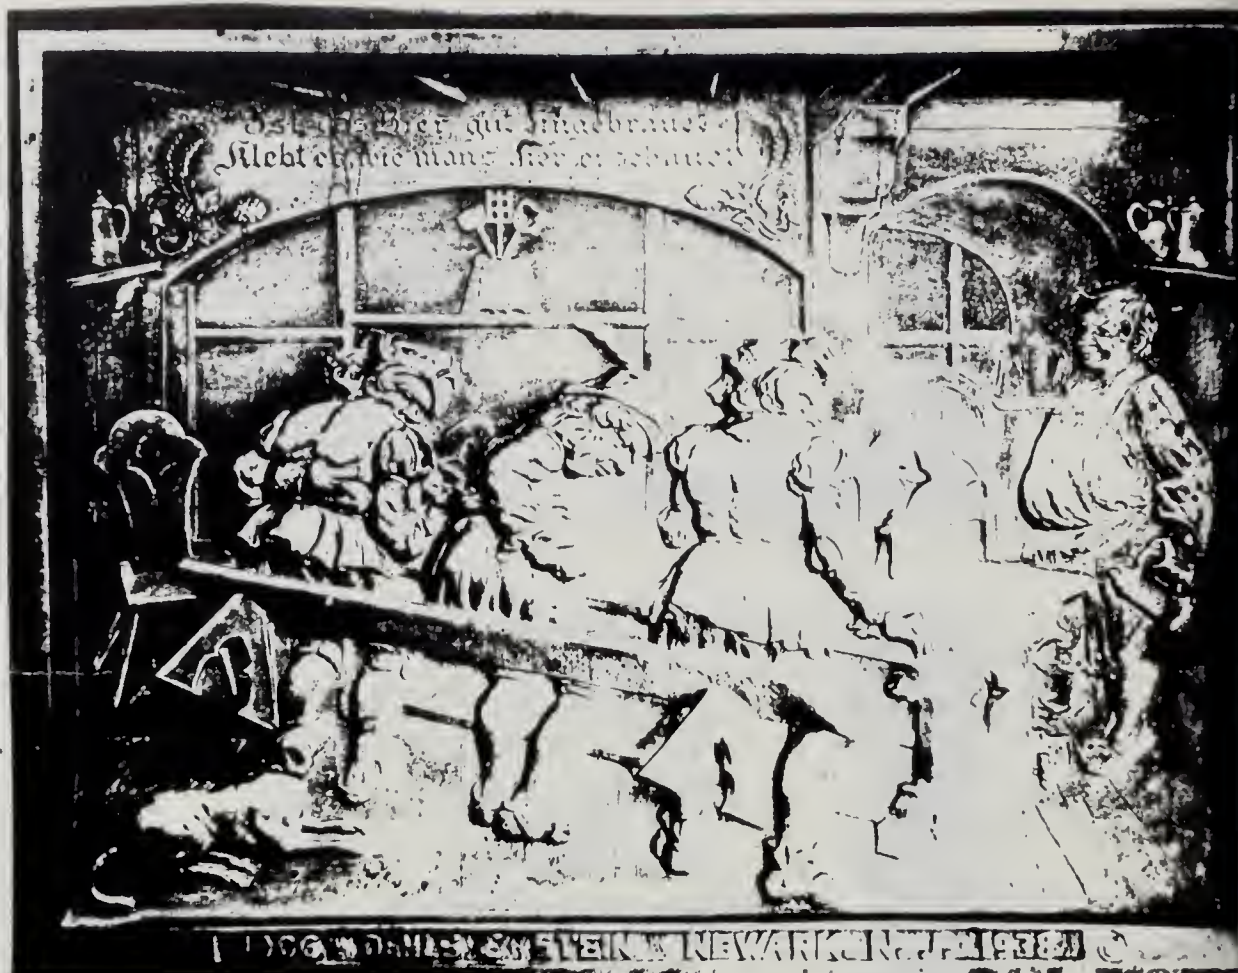

Advertising material, like this plaque, very often comes in a package or a series. For this reason, I ask my fellow collectors if they have seen any other metal plaques by this company. Any information regarding this would be greatly appreciated.

THE DAILY PRINCETONIAN

No 273

Princeton, N. J.

VOID

PAY TO THE ORDER OF ENDORSEE

TWENTY-FIVE CENTS ONLY.

\$ $\frac{25}{100}$

William K. Selden

Business Manager

GUARANTEED BY DAILY PRINCETONIAN WHEN ENDORSED ON BACK

I recently purchased the two varieties of Princeton depression scrip from a local dealer. He had photo copied the information at the right from the new Depression Scrip book and I thought it a most interesting bit of information about the times.

I am reprinting it here because I am sure many members do not have this book.

From:

Standard Catalog of Depression Scrip of the United States

Catalog #	Denomination	Date, description, size	VF	ExF	AU-Unc
NJ885-.25	25 CENTS	March 7, 1933. Black on gold paper Hand signature at bottom right Uni- face. 127 x 76mm.			
		a. Issued, not cancelled.	20.	25.	30
		b. Issued, cancelled.	8.	13.	20

NOTE: At Princeton University, the Daily Princetonian newspaper came to the aid of students caught short of funds during the bank holiday. Business Manager William K. Selden (the individual signing the scrip) wrote in a letter dated March 15, 1933, "We found out from the local merchants that they would accept such promises to pay by the Princetonian as mediums of exchange by the students. With this approval from the merchants and also from the authorities in the University, we announced to the undergraduates that in return for their checks we would give them the equivalent in scrip. This they used among the local stores. We, of the Princetonian, being undergraduates and knowing most of the students, were able to accept checks from the men with more ease and security than any other concern in the town. "When we announced that we were issuing scrip the students came in such numbers that we were unable to satisfy the demand at certain times of the day . . . merchants seemed very much pleased at our attempt to alleviate the conditions here, although they thought we should have a larger issue. But above our amount of \$500, we did not wish to go for the sake of conservation largely. The results appear to have been satisfactory with all concerned. "With the local banks open today, we have announced that we will redeem the scrip." The scrip was issued only in the 25¢ denomination. Each student was limited to \$5 in scrip. This experience at Princeton showed that a credit instrument will be readily accepted as long as those accepting it have faith in the issuer.

The highlites of our annual Cherry Hill meeting was an interesting and educational talk presented by David Gladfelter on the tokens struck by J.Gibbs at his Belleville, N.J. Mint. Many thanks David, for an outstanding presentation.

The 1985 Literary Award was presented to Archie Black for his extensive article, "Atlantic City Casino Chips". Archie has also won numerous awards with his exhibit of these chips at various coin shows. Congradulations and keep up the good efforts Archie.

The Ocean County Coin Club has again invited the N.J.E.S. to meet at their annual coin show that will be held at Point Pleasant Beach, N.J. on September 7, 1986. We have accepted their invitation and will meet at 1 PM. Please make an effort to attend. The O.C.C.C. show is always a top notch affair, with a variety of exhibits.

In your vacation travels, please drive extra carefully and buckle up.

AL ZAIKA

ANNUAL MEETING

Our annual meeting held at the G.S.N.A Convention was called to order by President Al Zaika with V.P. Pete Hogaboom, Sec.-Treas. Herb Weiss and Past Pres. R.K.Burke and 24 members and guests present.

A short discussion on token & medal books at discount prices was held and we will enter into agreement with member Rich Hartzog for members to buy books from him at preferential prices.

President Zaika presented Archie Black with the literary award which included a Sears gift certificate.

David Gladfelter gave a talk on the Gibbs, Belleville, N.J. Mint and displayed many tokens struck by this firm.

The 50-50 was won by Bruce Painter, after drawings for many door prizes the meeting was adjourned

In the good old days when coin dealers had junk boxes, once in a while you came across a token with a magician pictured and just the name, ADAMS. After a while I had several varieties, brass, white metal, Adams raised letters, and Adams incuse letters but I never knew who Adams was.

In 1978 a TAMS Journal supplement on "Magician Tokens" was published and listed was ADAMS MAGIC CO., ASBURY PARK, N.J., Date: 1950 to date. So I put my tokens in my New Jersey collection and another maverick was identified.

About a year ago I purchased a brass raised letter variety with a large clean center hole. My curiosity was aroused and I wanted to know if any other varieties were available and if the company still issued tokens.

I contacted Mr. J.H.Adams, company President and son of the founder, S.S.Adams and here is the correct information.

Soren S. Adams lived in Plainfield, N.J. and was a coal tar salesman. A wasteful by-product of coal tar was a material which made you sneeze, and in 1906 he started a mail order business selling sneezing powder. The first listing in the Plainfield directory is 1908 as Soren S. Adams, 104 Madison Ave; mail order. In the 1909 directory he is listed under Novelties and in 1910 the address is Babcock Building. The first listing of the current name, S.S.Adams Co. is 1915 and the address moves to 925 South Ave. which is also his residence.

Sometime after 1920 he left Plainfield for 5th&Main St, Asbury Park, N.J. and then moved to Neptune in the 1930's where they are still in business making magic tricks.

Mr. Adams was never a magician and the company products were designed for amateur magicians.

The Adams tokens were not given away as storecards but were sold in various tricks to use in place of coins. There are four distinct varieties; brass and white metal, both with raised letters and incuse letters and I have seen both varieties with the large center hole, this was used in a floating coin on a string trick.

Mr.J.H.Adams doesn't remember how much the tokens originally sold for but he worked in the factory and he remembers drilling the center holes himself.

He believes some tokens were struck by Whitehead & Hoag, because of the quality I believe the brass tokens, and some came from Germany(whitemetal?). It is his belief that all the tokens were from before World War II.

The company is in its 80th year and a sign of the times is that while tokens were cheaper in the 20's and 30's, in the 80's coins are cheaper. All their tricks now use coins, no tokens are used today.

BIRTHDAY MEDALS AND TOKENS OF NEW JERSEY CITIES AND TOWNS

by Sheldon I. Banoff

Many towns and cities in New Jersey have commemorated their birthdays with the issuance of medals, tokens, badges, fobs and other exnumia. Listed below are such birthday items (town foundings or incorporations) known to the author. (Please note that wooden nickels are excluded.) This listing, when revised, will be incorporated into a book in process, which catalogues such pieces for towns and cities in all 50 states, and includes a detailed description of the items as well as the histories of the towns themselves.

The renowned Newark medalists Whitehead & Hoag Co. played a major national role in this topic. From the turn of the century until the 1930's Whitehead & Hoag struck more birthday medals and tokens for towns and cities in the United States than any other medalist.

The author would appreciate receiving information as to New Jersey town or city birthday items not listed here, and would also like to purchase specimens of such items. (He would also like to purchase those listed with an asterisk * below.) Please write to: Sheldon Banoff, 1204 Laurel Ave., Deerfield, IL 60015.

BOOKS

We are making arrangements for members to purchase books at discount from member Rich Hartzog. Full details in our next issue.

BACK ISSUES OF JERSEYANA

In response to several members requests we can now supply back issues of JERSEYANA. The cost will be \$5.00 per year or \$1.00 for individual issues, postage included. If you want back issues, send your wants includeing a check payable to N.J.E.S. to the editor.

MAVERICK LISTING

I am not getting any maverick listings from members but we still want to continue this listing. If you have any maverick tokens, send the information listed on the token, size and shape, type of metal, brass, aluminum, etc. to the editor and maybe we can identify it for you. All tokens must have a street address to be listed.

BASEBALL HATS

Two issues back we mentioned baseball caps with our N.J.E.S emblem, we didn't get sufficient commitments for the minimum order and the checks received were returned with the last issue. Now, thanks to Archie Black we have another source and the minimum order is only 12 hats. The price is also lower, \$5.00 postpaid, so if the members whose checks were returned are still interested, send me another check for each hat wanted and we will deliver this time. If any member who didn't order last time, is now interested, we also can accomodate you. Send your checks to the editor. To save 22¢, you can your free classified ad with your check.

SEPTEMBER MEETING-----OCEAN COUNTY COIN CLUB SHOW

Thanks to the Ocean County Coin Club, we will again have a meeting at their annual show. The site will be the MOORING ATLANTIS HOTEL, on ROUTE 35, POINT PLEASANT BEACH, N.J. Our meeting will be at 1PM, but the show hours are 10 AM to 5PM. SUNDAY, SEPTEMBER 7th.

For coin collectors there will be 60 dealers and for exnumia collectors at least four of our members will have tables and I know many of the coin dealers usually have tokens, medals, and paper money.

Why not take a ride to the shore, look around the show and be sure to attend our meeting at 1PM.

Don't forget, the deadline for articles, advertising, and free classified ads is September 27th, 1986. I will be at the Point Pleasant meeting so you can bring it with you.

PRESIDENTS MESSAGE

I attended the ANA Convention in Milwaukee and was quite pleased to see so many tokens and medals in the exhibit area. There is no doubt in my mind about the increase in the number of collectors who have discovered the fascinating hobby of exonumia. Incidentally, if you ever visit Milwaukee, make it a point to visit the city museum. The exhibits and relics on display are magnificent.

Our meeting at the Ocean County Coin Club was well attended and resulted in N.J.E.S. picking up two new members. I have attended quite a number of past shows and don't recall seeing such a crowded affair. In my estimation, this is the best N.J. coin club show around. Make it a must to attend next years show, you won't regret it

Best Regards

Al Zaika

SEPTEMBER MEETING

Our September meeting held in Point Pleasant was attended by twenty four members and guests. President Al Zaika called the meeting to order and after the customary call for old and new business, the JERSEYANA editor again asked for articles for this newsletter, our backlog is down to two and will be used in the next issue, we got down to the good part of the meeting. Al Zaika gave a talk on the various medals and tokens issued by The Delaware River Authority, included were all the commemorative medals issued for the Bridge openings and events. The many transportation tokens issued by this authority during its many years and name changes were detailed and of course, Al had all the specimens for the members to see. A most interesting talk.

COLLECTIBLES SHOW

The Plainfield Coin Club will hold a collectibles show on Saturday November 29, 1986, at the Hillsboro Volunteer Fire Co. #2 located on Route #206 in Hillsboro, N.J. This location is 7 miles south of the Route 22-Route 206 intersection in Somerville, N.J. and can also be reached by taking Route 206 north from the Trenton-Princeton area. The club lists coins, stamps, tokens, medals, paper money, military photos, daguerreotypes, reunion ribbons, old cameras, toy trains, misc as being available. At least two N.J.E.S members will be set up.

MEDALS YOU GOTTA WORK FOR

by David Gladfelter

Swimming is what I do for cardiovascular fitness, and Masters competitive swimming is one of the incentives that keeps me working out. An important part of the Masters program is participating in the swim meets held by the various YMCA's and swim clubs where adult Masters swimmers of all ages -- the oldest I've seen is 86 -- can compete in events ranging from 50 yards to nearly a mile. The prizes can be anything from ribbons to medals to T shirts, and a collector of medals can put together quite an interesting display from what he or she brings home from swim meets.

Four of the medals awarded at these meets have a New Jersey connection and are described below.

GARDEN STATE GAMES

obv. GARDEN STATE GAMES around border, torch in center, surrounded by wreath, outline of State of New Jersey below torch, initials N.J. at bottom.

rev. blank.

All medals 65mm. suspended from red, white and blue neck ribbon.

First place: Gilt on cast metal.

Second place: Silver on cast metal

Third place: Bronze on cast metal.

(see illustration of design.)

Note; Smaller 39mm. medals of similar design, omitting initials N.J., were awarded in past years. These small size Garden State Games medals are suspended from red, white and blue pin-on ribbons instead of neck ribbons. They come in two finishes, a bright finish similar to a metal plating, and a matte finish similar to a metallic paint and identical to the finish on the 65mm. medals.

The Garden State Games are sponsored annually by the State of New Jersey in 28 different sports, including swimming. The object of the games is "to offer opportunity for New Jersey Residents to develop increased health awareness while motivating citizens in their quest for improved health and physical fitness in a competitive atmosphere." Any New Jersey resident who is physically prepared is eligible to Participate in the games.

ROBERT J. SCHMERTZ MEMORIAL GAMES

obv. ROBERT J. SCHMERTZ/MEMORIAL GAMES around border, crest of Ocean County College in center.

rev. blank

All medals 64mm. with inscription set in green enameled band.

In 1985, the medals were suspended from neck chains matching the color of the medal. In 1986, the medals were suspended from green and white neck ribbons which are the Ocean County team colors.

First place: Gilt on cast metal.

Second place: Antique silver finish on cast metal.

Third place: Antique bronze finish on cast metal.

(See illustration of design.)

Robert J Schmertz founded Robilt, Inc., the forerunner of Leisure Technology Corporation, a major retirement community builder in the Jersey Shore area. He owned the Boston Celtics and was a major benefactor of Ocean County College in Toms River. The Schmertz Games are held every summer at Ocean County College and feature competition in tennis, swimming, track and field. This year's will be the 10th annual games

JERSEY MASTERS SWIM TEAM

obv. JERSEY/MASTERS around border, high-relief map of State of New Jersey in center, with design of two swimmers superimposed on the map.

rev. blank.

First place: Gilt on cast metal, suspended from red, white and blue pin-on ribbon, about 65mm. (I never won one of these so I can't give exact size.)

Second place: Antique silver on cast metal, 38mm. suspended from red, white and blue pin-on ribbon.

Third place: Antique bronze on cast metal, 38mm. suspended from red, white and blue pin-on ribbon.

Jersey Masters is a statewide organization of adult fitness and competitive swimmers. They sponsor an annual "aqua terra biathlon" swimming and track and field meet at the Lawrenceville School in the fall. This year's meet will be the 12th annual and is one of the oldest meets in the Masters program (in terms of how long it's been run, not age of the swimmers although Clarence Ross, one of their officers, is 85 years old and holds several national records).

EAST COAST MASTERS INVITATIONAL CHAMPIONSHIPS

obv. NEW JERSEY MASTERS SWIMMING on circular band inside beaded border, design of swimmer moving to right with map of New Jersey in background in center, inscription above swimmer, EAST/COAST/MASTERS/INVITATIONAL/CHAMPIONSHIPS.

rev. blank.

All medals 38mm. suspended from red, white and blue pin-on ribbon.

First place: Translucent gold lacquer-like finish on cast metal.

Second place: Translucent silver lacquer-like finish on cast metal.

Third through sixth place: Translucent bronze lacquer-like finish on cast metal.

(See illustration of design.)

This medal was newly designed by meet director Ed Nessel for the 1986 meet held May 2, 3 and 4 at the Fanwood-Scotch Plains YMCA. Swimmers had their choice of competing in as many of the 18 different swimming events as they desired, over the three day period. The meet has been held annually at different YMCA's in New Jersey and is popular because of the variety of events--something for everyone. It comes at the end of the indoor swimming season when most swimmers are well conditioned to achieve their best times.

PRESIDENTS MESSAGE

Dues renewal time is with us again, so please remit your 1987 dues promptly. By doing so, you'll lighten the work load of our Sec.-Treas.-Editor, Herbert Weiss.

I'm quite puzzled why such a small minority of the membership is utilizing their free ad privilege. Surely many more of you have duplicate items to sell or trade and are searching for some specific token or medal. A paid 40 word ad in a hobby publication would cost at least \$6.00, so help yourself and your fellow collector by sending in your classified ad now.

In closing, I would like to wish everyone and their loved ones a most joyous and safe holiday season. Be careful driving.

Best Regards

Al Zaika

EDITORS NOTES

I still need articles for future issues of JERSEYANA. If you need help I will be happy to assist you. I would like to thank the members who sent in articles this year and a special Thank You to Dennis Tilghman for the pictures he takes for Jerseyana.

I will second Als message concerning members lack of interest in free classified ads. My own ads have run in the first five 1986 issues and I have had eight transactions with other members, all satisfactory to both parties. Look what you are missing. Give it a try.

DUES NOTICE

It is time to pay your dues for 1987, they are only \$6.00 per year. I am enclosing a self addressed envelope for all who owe for 1987. If you don't receive an envelope don't send any money. Last year renewals dribbled in until July! This is not a procrastinators club, please send your dues promptly.

OUR SYMPATHY

Member Robert Dadson's wife has passed away and I just learned member Damia Francis lost her husband last spring. Our sincerest sympathy to both.

ON THE COVER

is a 1925 Christmas card issued by Applegates, a Perth Amboy car dealer from Peg Wilcox' Christmas collection. Peg was recently in the hospital with pneumonia but is now home recuperating. Thanks Peg, get well quickly.

DEADLINE FOR NEXT ISSUE FOR ARTICLES AND ADS IS JANUARY 24, 1987.

KEARNY DISABLED VETERANS HOME

WHO WAS JOE WILLIAMS? WHY DID HE ISSUE A TOKEN?

by Herbert Weiss

Even before the Civil War was over, the State of New Jersey realized a home for the many returning sick and wounded veterans was needed. On July 4, 1865, just a few months after the wars end, the state took over the Ward U.S. Army General Hospital, on Seventh Avenue, in Newark and opened the New Jersey State Home for Veterans.

In 1887 the state appropriated \$225,000. and built the New Jersey Disabled Soldiers Home on 15 acres overlooking the Passaic River in Kearny, N.J. There were seventeen buildings including four dormitories, hospital, chapel, library, dining hall, kitchen and stable. In the early days it was run as an institution, but later on, the stone walls were removed and the military pass system discontinued, so the veterans were free to come and go.

Not everything military was discontinued. In a 1908 advertisement in the "Observer" newspaper, besides the requests for food supplies, also needed were dark blue blouses, dark blue vests, light blue trousers, black campaign hats and blue military caps.

Originally for Civil War vets, later on veterans of the Spanish American, Mexican Frontier and World War were at the home.

In 1911 the home had a high of 688 veterans and during its 45 years cared for over 25000 men, some staying a few days or weeks and others staying many years.

As the old soldiers died the dormitories were closed. Finally, with only 46 men living in the hospital, the home was closed in July 1932, and the vets were transferred to the Menlo Park Soldiers Home. Of the 46, thirteen were Civil War vets with ages between 85 and 93.

Joseph Williams, born in England in 1846 was 18 and living in Newark on September 27, 1864 when he enlisted in Company A, 39 New Jersey Infantry Volunteers as a private. Mustered in on October 11, 1864, and after brief training at Camp Frelinghuysen in Newark, the company left for the Petersburg Virginia area. The company saw very light action and participated in the capture of Fort Mahone near Petersburg on April 2, 1865. Records show only one man killed on picket duty, but several deaths due to consumption and dysentary.

The period of enlistment for the 39 Volunteers was only nine months and they were mustered out at Alexandria, Va. on June 17, 1865. But not Joe Williams, he and two others were taken to the Ward Army Hospital in Newark and he was mustered out on June 26, 1865. This shows a sign of service related illness but I couldn't determine what.

The 1867-68 Newark City Directory shows Joseph Williams living at 195 East Kinney St. Also at this address is Julia Williams. widow of William Williams who could have been Josephs' parents. After 1868 there are no listings for Joseph or Julia Williams so they must have moved from Newark.

Joseph Williams was admitted to the Disabled Soldiers Home in Kearny on April 17, 1901, he was 55, his disability was poor vision, his occupation was listed as laborer. He lived in the home for 28 years until his death on July 17, 1929 at the age of 83. He was buried on July 19, 1929 in the veterans circle of Arlington Cemetary in Kearny. And that is all I could learn about Joe Williams.

actual size -- 24mm. brass or bronze

In examining the token we find the name "Joe Williams" in larger letters than "Disabled Veterans Home", this shows it was his token and the home was his address. The denomination was "Good for 10 in trade" but 10 what, no ¢ is shown and 10¢ was a lot of money during the year Joe Williams was at the home. The state supplied all the necessities so what could Joe Williams do. If his health was good and only his vision was impaired he might have operated some sort of concession at the home. Possibly a newspaper stand or commissary, but again the 10 was high for the times. Neither newspapers, candy, soda or cigarettes cost 10¢ then. I've exhausted my sources so I doubt if we will ever know.

Finally, what about a more logical 1 or 5 token from Joe Williams? Something to look for!

Was this 1901 postmarked postcard sold at a concession stand run by Joe Williams?

My thanks for their help

SCHNEIDER'S RESTAURANT and ICE CREAM DEPOT

by George Joynson

Located at 801 Main Street in Avon-By-The-Sea, New Jersey, Schneider's celebrated their 25th year of business with a commemorative token. It is one of my favorite restaurants which I highly recommend. I talked with Mr. Schneider about the tokens and here is what I learned.

A total of 2010 tokens were purchased from Hoffman & Hoffman of Carmel, California as follows;

10	silver plated brass
1000	nickel plated brass
<u>1000</u>	plain brass
2010 total pieces	

Schneider's Restaurant & Ice Cream Depot actually celebrated their 25th anniversary January 19, 1985 but the tokens arrived late, in February 85. Customers like myself, who went to Schneider's to dine between February and Memorial Day were surprised to find a nickel-plated token at each place setting on the table. Some brass tokens were also distributed during that summer and the 10 silver plated tokens were given to family and friends. The idea was to get repeat business by running ads calling the tokens back in trade for a free lunch, but many customers were unwilling to part with the token!

According to Mr. Schneider, these are the only tokens issued for the restaurant to date, but he plans on a 50th anniversary issue and hinted that the 25 year token would be worth at least a free dinner by then, in the year 2010!

If you are in the area, stop by for something to eat, he might just have a spare token in his pocket.

NEW ATLANTIC CITY CHIPS ISSUED

The long awaited change over from Hilton design chips (see "JERSEYAN Issue #32) to Trump Castle chips took place in early November.

Illustrated are the new attractive Castle designs:

\$1 White. With red/gold/red/gold inserts around rim. A white round center insert with the Castle logo in gold, plus black denomination and letters.

\$2.50 Pink. With two blue 1/4 arc inserts on rim. A white scalloped center insert with same color description as the \$1 chip.

\$5 Red. With alternating black & pink inserts on rim. Center insert is of a rounded scalloped design with same color descriptions as noted above.

\$25 Green. With eight alternating rim inserts Black/Orange. A 5 sided center insert with same color descriptions as previous

*ALL chips have house mould, "CASTLE". Other denominations include \$100, \$500, \$1000, \$5000.

Now is as good a time as any to put together a set (even if of only the \$1 denominations) of Atlantic City Casino Chips. They are very inexpensive initially; and you can expand to the higher denominations if so attracted. If you visit Atlantic City yourself, you will be able to pick up chips at face value from all the eleven casinos presently open. In the brief history (8 years) since Atlantic City opened it's first casino, Resorts International, only chips from 3 casinos are no longer available: BRIGHTON, PLAYBOY, HILTON. If you can't get to A.C. most \$1 chips are available from chip dealers and collectors in the \$2 - \$3 price range. Obsoletes or 1st issues cost slightly more.

With the opening of two brand new casinos in the spring and summer of 1987 (SHOWBOAT and the TAJ MAHAL) additional interest will be generated in the earlier chip issues which are becoming more difficult to find as time goes by and more collectors are turned on to this newest collectible. In 1988 the CARNIVAL CLUB CASINO is scheduled to open.

New members, paid advertising, and JERSEYANA articles, three important
things to keep our society active and interesting. Why not sign up a
new member? If you need membership applications, just ask, but all
you really have to do is send the name and address and dues of any new
members. Paid advertising, the rates are listed above, pretty
reasonable for what you get. Articles for JERSEYANA, I only have
enough for the next issue, itsnot hard, how about some help?
